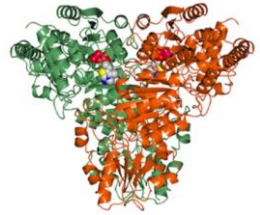
ESAB Webinar Biocatalysis Education

ESAB
European Society of Applied Biocatalysis

July 21st 2023, 08.00-10.00 Eastern Standard Time (EST)
13.00-15.00 Greenwich Mean Time (GMT)
14.00-16.00 Central European Time (CET)
20.00-22.00 China Standard Time (CST)
21.00-23.00 Japan Standard Time (JST)



Chairs: Willi Meier (ESAB, AiChE)
Roland Wohlgemuth (Lodz University of Technology)

PROGRAMME:

- **14.00-14.30 Prof. Dr. Francesco Molinari, Department of Food, Environmental and Nutritional Sciences (DeFENS), University of Milan, 20133 Milan, Italy**
  Title: Reaching biocatalysis: how to turn multidisciplinary competences into interdisciplinary skills?
- **14.30-15.00 Prof. Dr. Jan Deska, Department of Chemistry, University of Helsinki, 00560 Helsinki, Finland**
  Title: Teaching Biocatalysis to Heterogeneous Student Groups
- **15.00-15.30 Prof. Dr. Robert Kourist, NAWI Graz, BioTechMed-Graz, Institute of Molecular Biotechnology, Graz University of Technology, and ACIB GmbH, Graz 8010, Austria**
  Title: Enzyme discovery and protein engineering for the synthesis of new biobased polymers
- **15.30-16.00 Prof. Dr. Elisabeth Egholm Jacobsen, Norwegian University of Science and Technology, Department of Chemistry, N-7491 Trondheim, Norway**
  Title: Biocatalysis and Biotransformations-The Fundamentals
